# MAKING EDUCATION FUN

- DISCOVER ALL THE CHORUS APPS -

NUITEQ Chorus

Improve educational results for pupils, teachers & schools

NUITEQ Chorus is an educational software that brings interactivity to your school and boosts classroom engagement by using smarter human interaction.

Chorus enables teachers and students to tell engaging, interactive stories that align closely with the curriculum, it provides a safe community for online and small group collaboration, and it allows simultaneous personalized instruction making curriculum relevant to students' lives.

In addition to the 20+ off the shelf apps with preset content, busy teachers can - using the Lesson activities app - easily and quickly create curriculum-specific touchscreen lessons with custom content.

- Help other educators, save time and have fun!
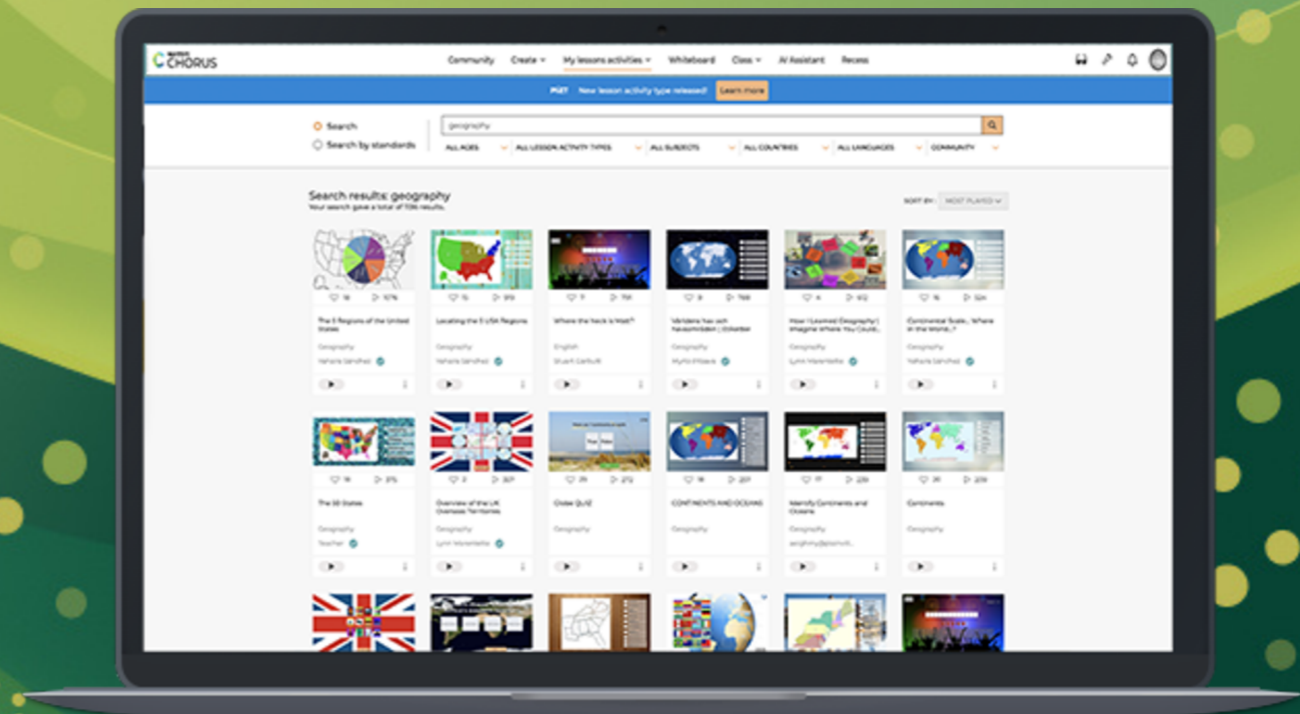

LESSON ACTIVITIES

Teachers can import dynamic content such as videos, images, sounds, and text to the Lessons app, to make their interactive classroom lessons come to life.

Lesson activities comes with a multitude of app templates that teachers can easily adjust, to whatever topic they wish. Whether you are teaching younger children about animals, simple spelling or grammar, right through to higher grades for older kids learning about the carbon cycle, chemistry or physics, Lessons gives teachers in all grades the ability to create engaging and exciting interactive touchscreen content.
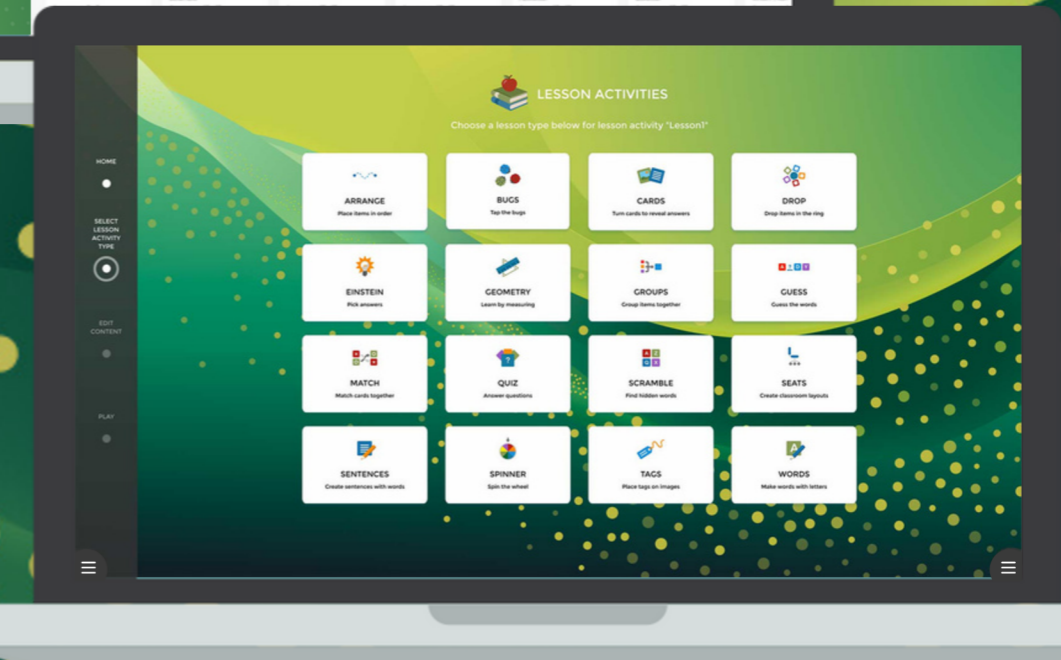

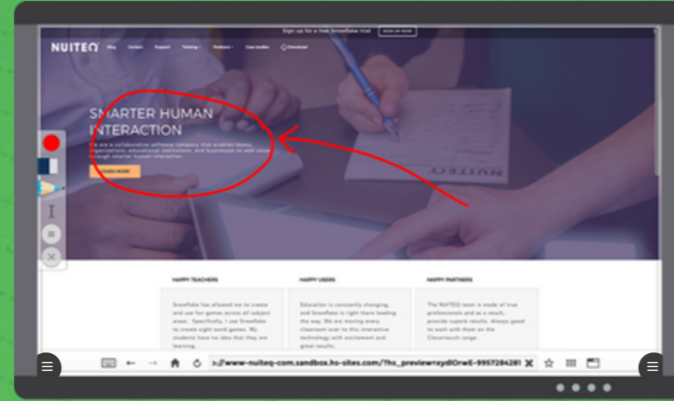

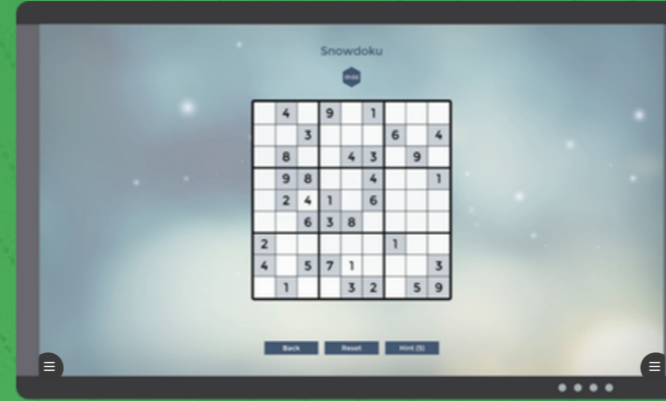

Untangle
Mind-bending puzzle game that can be played solo or collaboratively.
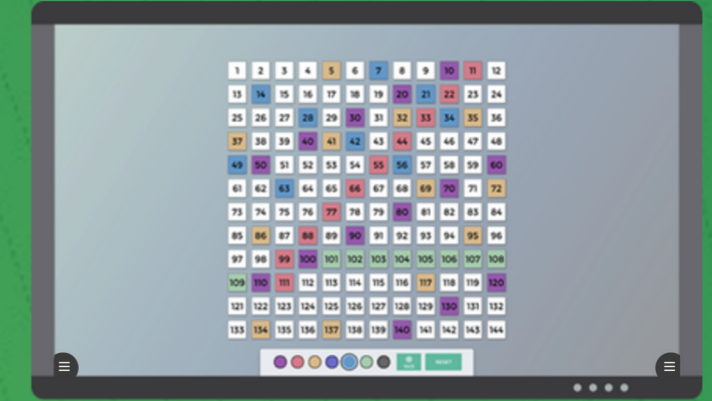

Annotate
Create, save and share annotations.

Snowdoku
Solve number puzzles.

Squares
Color numbers in the square.

Drums
Play around with a drum kit.

Piano
Play and record your own compositions.

Media
View, present and explore photos, videos, audio, PDFs and Powerpoint files.
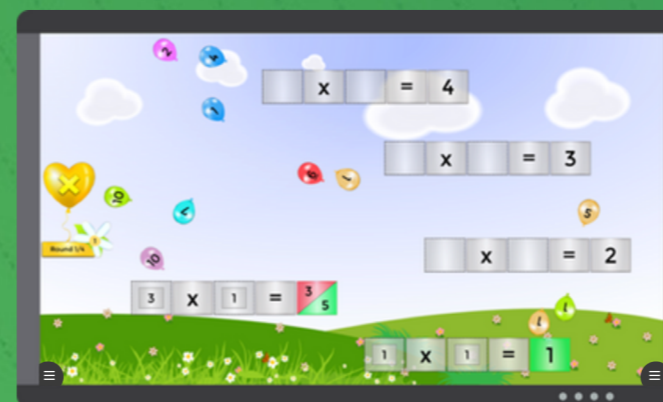

Connect
Share content onto a secondary display.

Whiteboard
Whiteboard is a creative ideation tool, that can be used for brainstorming sessions, and to enhance group discussions.

**Geography**
Place the flags on the correct countries.

Numbers
Drag the numbers to the right spots.

Gravitoy
Draw objects, control and experience the effects of the gravity playground.

Zones
Divide your interactive display into sections to leverage its multi-user collaborative capabilities.
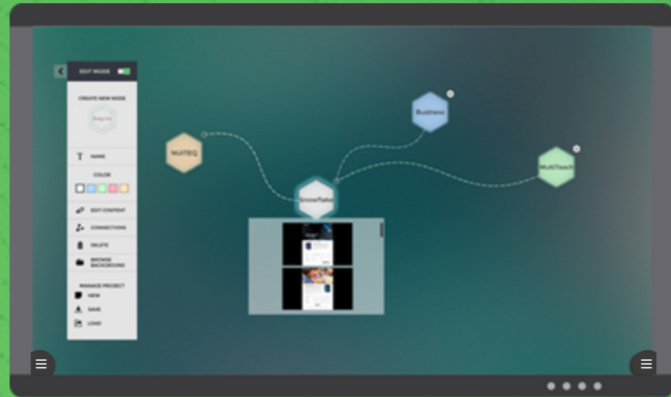

Jigsaw
Fit the pieces together.

YouTube
Get fast access to videos.
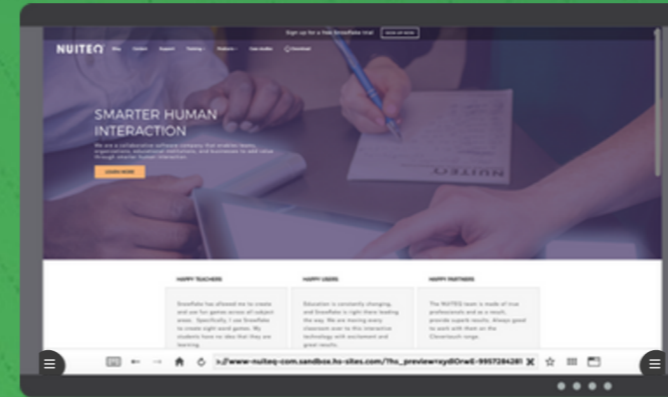

Clock
Drag the clock hands to the correct area.

Nodes
Use pictures, videos, PDFs and PowerPoint documents to create education presentations, mindmaps and brainstorm sessions with Nodes.

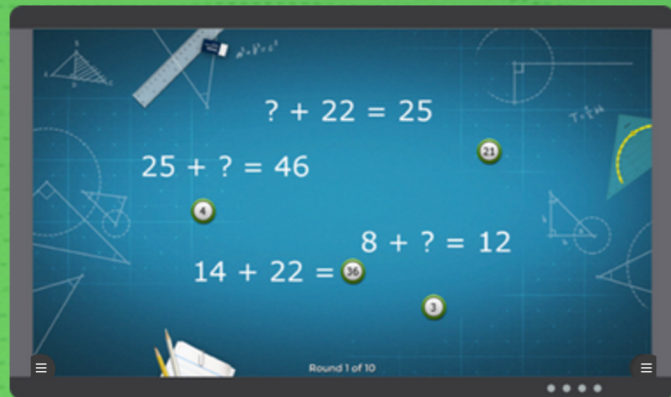

Match It
Flip the matching cards.

Browser
Use your favorite websites such as Google Docs, Google Drive and other educational resources.

Puzzles
Drag the objects to the correct location.

Number Play
Place the correct answers in the right area.

Habitat
Match the animals with their habitats.

TRY CHORUS TODAY

Chorus makes classroom engagement as easy as using your phone using **Smarter Human Interaction**. Try our Chorus educational technology today with its free of charge 60-day trial.

Chorus for Mac and Windows (NUITEQ.com/Chorus)

Chorus enables you to split the front-of-class display into zones. Multiple apps can be used at the same time, by multiple students. Whether your touchscreen is in upright or tabletop orientation, the software allows you to create an interactive learning environment. Chorus also enables lessons to be played offline without the use of an Internet connection.

Chorus is the only active learning platform that supports over 400 000 educational standards from curriculum around the world. If you are looking for engaging content that is aligned to what you need to teach then Chorus is the best solution for you.

Chorus on the Web (Chorus.nuiteq.com)

The online version of Chorus enables interactive learning anywhere, any time and it can be used on any device. It is the only EdTech activity maker that allows the creation of lessons on mobile using your camera roll and recording your voice.
